

Technology Requirements

Inspiration Academy uses technology in its classrooms. Each student is required to provide a laptop that meets the requirements below, adhere to the standard of care, and bring their laptop to class each day.

Windows/PC

- 13" or larger screen
- Intel multi-core processor, 2.0 GHz or faster (Intel Core 10th generation i5 or higher is recommended)
- 4GB RAM (8GB Recommended)
- Windows 10
- 128 GB Hard Disk Drive (250GB, or higher, recommended)
- Wireless 802.11 b/g/n
- Active Anti-Virus Software

MAC

- 13" or larger screen
- Multicore Intel processor with 64-bit support
- 4GB RAM (8GB Recommended)
- Mac OS (three most recent versions of macOS)
- 128 GB Hard Disk Drive (250GB, or higher, recommended)
- Wireless 802.11 b/g/n
- Active Anti-virus Software

***Chromebooks are not supported and will limit your student's functionality with certain applications and software**

The school will provide software needed for schoolwork, including Office 365, a Learning Management System, and e-books as appropriate. Students will have the option of installing a full version of Microsoft office on their pc at no charge.

If you have any questions regarding technology requirements, please email Jason.Fitzsimmons@inspirationacademy.com
